

December 17, 2024

Dear AmericaCares,

On behalf of the Sunrise Community for Recovery and Wellness, we would like to express our heartfelt gratitude for your consistent support during such a challenging and devastating time for our community. The ongoing hurricane relief distribution from AmericaCares has been a lifeline, providing our community with critical, lifesaving supplies.

As an organization that serves some of the most vulnerable populations in our area, we have relied heavily on your generosity to meet the urgent needs of those we serve. Thanks to your support, we've been able to provide thousands of essential items, including food and basic necessities, during this time of hardship.

Your commitment to maintaining a steady supply of resources, even more than two months after the storm, has been remarkable, especially when most local and out-of-town assistance has diminished. Without AmericaCares, we would have only been able to reach a small fraction of the individuals who so desperately needed support.

We would also like to extend special thanks to Jennifer Jones, who has been nothing short of amazing in her dedication and kindness. Her support has been instrumental in helping us provide nearly 10 families with Christmas gifts for their children—something we could not have achieved without her help.

Once again, thank you to everyone at AmericaCares for your incredible generosity and unwavering support. Your partnership has made a profound impact in our community, and we are truly grateful.

Warm regards,

Rachel Brock
