

To whom it may concern,

America Cares has been a fantastic partner in the Hurricane Helene relief and recovery efforts for our region. They have been highly effective in connecting needed resources to partners in our community. They are communicative, flexible and efficient. They have continually worked hard to meet requests from our region and are genuinely a pleasure to work with. They truly have a servant's heart, and we hope to continue our collaboration with their team.

We offer our full support for their efforts to secure grants to help our mountain region recover from the devastating impacts of Helene.

Please don't hesitate to contact me to discuss this further.

Sincerely,
Zack Green
